### 5.2.3 Environmental Policy

#### Environmental Policy Statement

The Company manufactures readymix and precast concrete products, and aims to incorporate Environmental Management within all aspects of our work.

We understand that our operations have an impact on the local and global environment and are committed to continually improving our environmental performance and preventing pollution.

The Company is committed to complying with all relevant environmental legislation and other requirements.

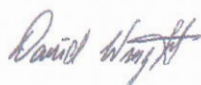

The Company is committed to ensuring that all employees, customers and members of the public are aware of their responsibility regarding environmental procedures and requirements.

We will work to:

- Minimise the potential for pollution to land, water and air from our sites
- Reduce energy consumption where possible
- Reduce volumes of waste generated from our activities

The Company will develop objectives, targets and action plans to help us improve our environmental performance. We aim to review our improvements and performance on an annual basis.

Signed:

David Wright,  
Managing Director
